Hey Cam,

I believe it is still INL that is leading this issue. [Ex. 7(C)]
[Ex. 7(C)] can help out. The Embassy is in full Halloween mode right now so I'm not sure who will be at their desks. Attaching one of the few emails I have seen about this.

-Andrew

Hi Andrew,

I just left you an email asking your guidance on who at Embassy/Bogota might be working on glyphosate and its possible reuse in Colombia. I know that INL has been the lead in the past but I'm not sure who the lead might be now. My agency is being brought into the issue and I want to close the loop with some folks on this.

Thanks,

Cam
